COMMITMENTS MADE BY ADMIRAL TURNER
TO THE SENATE SELECT COMMITTEE ON INTELLIGENCE
DURING FEBRUARY 22, 1977 CONFIRMATION HEARINGS

During his confirmation hearings, Admiral Turner:

1. Agreed to honor Section 11(b) of S. Res. 400 (Attachment C) that Executive Branch officials furnish the SSCI information and documents upon request, subject to the accepted prerogatives of the Executive Branch. (p. 19 of transcript)

1. None

STATUS: No action required as this is consistent with existing practice.

2. Agreed to inform the Committee of Intelligence Community developments which he feels should be brought to the Committee's attention. (pp. 19, 20)

1. None

STATUS: As Chairman Inouye posed the question, the commitment is only one to report what Admiral Turner subjectively feels should be reported. What Chairman Inouye probably intended was to commit Admiral Turner to volunteer information on significant Intelligence Community developments. No action appears required as this would be consistent with existing practice.

3. Agreed to promptly report to the Committee, upon discovery, following established Executive Branch procedures, any and all violations of constitutional rights, law, executive order, Presidential directive, or departmental or agency rule or regulation (Section 11(c), S. Res. 400). (pp. 20, 40)

1. OGC
2. OLC
3. IG

STATUS: Significant violations are now reported to the SSCI under the general requirement to keep the Committee fully and currently informed. In addition, the Agency has established a procedure for reporting to the SSCI on those incidents which are brought to the attention of the IOB (Attachment D). Recommend General Counsel, Inspector General, and Legislative Counsel be requested to look into the feasibility of reporting "any and all" violations to the Committee.

4. Agreed to keep the Committee informed of his views regarding whether the DCI should also be head of CIA. (p. 22)

1. None

STATUS: Attachment E is a George Bush letter to the SSCI on this subject. Additional opinions could be sought from the IC Staff and appropriate CIA officials, such as the DDCI and D/DCI/NIO. No

20. STATUS: This is a commitment which may be impossible to meet. Under normal Agency and Executive Branch procedures the DCI is not in a position to provide the Congress a report submitted to the President by another entity, such as the IOB.
